**Subject: Bromoxynil Heptanoate Technical  
EPA Reg. No. 35935-XXX  
New Product Registration / R333 Action**

Dear Mr. Davis:

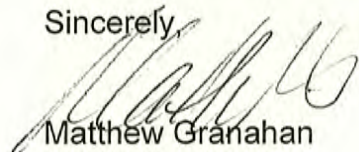

With this submission Nufarm Limited is submitting Bromoxynil Heptanoate Technical to the Agency as a new Section 3 product for registration, R333 PRIA Guided Action.

Under PRIA III [FY 2014/15 Fee Schedule], it is our opinion that this action falls under category R333. We believe this is the appropriate category since this application is new product, with an unregistered source of Active Ingredient, and being submitted as a cite-all. As such, Nufarm anticipates this action to require a fee of \$18,893 and we would anticipate a 10-month & 21-day review time. Nufarm has prepaid the PRIA III fee.

To process this request please find on the adjoining CD an E-Submission with all documents thought to be needed to support to this registration submission.

If you should have any questions regarding this matter, please contact me at (708) 377-1421 or via e-mail at [matthew.granahan@us.nufarm.com](mailto:matthew.granahan@us.nufarm.com).

Sincerely,
